Dare :IT Coordinator

My name is BAV OUN and 22 year old, I was study at **PNC** organization and I learn programing major ,I had learn for 2 year. I would like to apply for programming internship because I had see this information post on Facebook and I heard your company need to choose stuff that to internship in your company. I interested in this job because I want to get experience from and I think It related to my major that I had learn in **PNC** organization. I didn't want to get much salary but I just want to get experience.

Of cause I want to apply for this job because I had learn the major that related to this job .I had learn html ,java scrip ,PHP, Laravel also .and I had do some project to create website that user can use on bowser ,tablet, phone and mostly I have hosting some website that I had create in to Netlify and push code in GitHub , all website that I had hosting on browser is can use by free on internet. depend on this reason so I would like to ask you to give me an opportunity to get job from you.

In the future I want to become project manager and I will try to work hard and I will to help the company to work well . and I will improve my ability to develop my work to be better to help my self and company.

In the respectfully yours I would like to thank very much for pay action to read My cover later so I hope you give me an opportunity in this job . I really thanks to you.

OUN BAV
